## 2007 Editorial Calendar

### Cover Story
- Update: Covering the latest information throughout the plant floor
- A look back at issues that have shaped manufacturing, and how they are being felt today

### Plant Engineering at 60
- Fluid Handling, Power Transmission, Heating, HVAC, Comp. Air, Tools, Welding, Lubrication

### Mechanical Engineering
- Electrical Power, Electrical Safety, Circuit Protection, Electrical Efficiency, Distribution, Motors, Illumination, Wiring Systems

### Electrical Engineering
- Automation, Instrumentation, Process, Discrete and Hybrid Control, MES, Communications, Alarm Systems, Software, Electronics

### Automation Engineering
- N

### Every Month
- **January**: 2006 Salary Survey, In the beginning…
- **February**: Welding Tips, UPS Systems
- **March**: Energy Efficiency, 60 years of Innovators…, Indoor Air Quality
- **April**: Plant Engineering Awards Issue, The 1960s and Today…, Compressor Controls, Electrical Relays
- **May**: Motors, The 1970s and Today…, Hydraulic Valves, Electrical Efficiency
- **June**: Automation, How Automation Changed the Plant Floor…, Boilers and Heating Units, Power Measurement
- **July**: Maintenance, The 1980s and Today…, Hoists and Cranes, Proper Fuse Replacement
- **August**: Tips and Tricks, Tips and Tricks Through the Years…, Energy-efficient Machines, Harmonics
- **September**: Electrical, The 1990s to Today…, Power Transmission
- **October**: Automation Engineering, Roundtable: The Future of Manufacturing, Bearings
- **November**: Product of the Year, 60th Anniversary Issue, Fluid Handling, Illumination — Electronic Ballasts
- **December**: Top Plant, Future Plant, Lubrication

### Forum
- News, sidelights, letters and updates on important issues

### Online Connection
- What’s new at plantengineering.com

### Human Side
- Our popular look at human resources issues in the plant

### Management Side
- A top-level look at manufacturing and plant issues

### Maintenance Connection
- Keep your plant operating efficiently

**EACH MONTH**

- **January**: HVAC update, Switchgear, Software Preview
- **February**: Material Handling, Welding Tips, UPS Systems, Control Systems for Process Industries
- **March**: 60th Anniversary Issue, Indra Air Quality, Circuit Breakers, Motion Control
- **April**: Plant Engineering Awards Issue, The 1960s and Today…, Compressor Controls, Electrical Relays, OEE, Asset Optimization
- **May**: Motors, The 1970s and Today…, Hydraulic Valves, Electrical Efficiency, Asset Optimization
- **June**: Automation, How Automation Changed the Plant Floor…, Boilers and Heating Units, Power Measurement, Alarm Management
- **July**: Maintenance, The 1980s and Today…, Hoists and Cranes, Proper Fuse Replacement, Automation Management
- **August**: Tips and Tricks, Tips and Tricks Through the Years…, Energy-efficient Machines, Harmonics, PLCs and their Uses
- **September**: Electrical, The 1990s to Today…, Power Transmission, Qualifying Electrical Technicians, Industrial Networking
- **October**: Automation Engineering, Roundtable: The Future of Manufacturing, Bearings, Motor Maintenance, Remote Monitoring
- **November**: Fluid Handling, Illumination — Electronic Ballasts, Embedded Control
- **December**: Top Plant, Future Plant, Lubrication, Motor Control Centers, MES
